District Undertakers Take Steps for Presentation of Matter to

Congress.

A mass meeting of undertakers and embalmers of the District of Columbia was held last night at Mount Vernor Hall, Pennsylvania avenue and 3d street southeast, to consider the possibility of inducing Congress to pass regulating embalming here. The call for the meeting was sent out by

lic.
"The District of Columbia is the only community of which I know," Mr. Zurhorst said, in explaining the proposed bill, "which does not have an embalmers' licensing law. In the District any one who has the requisite license fee of \$25 can practice embalming by obtaining the approval of the health office. This has led to many abuses and in some cases the public probably has been victimized. We want to bring embalming under regulation and control in the District and we must have a law to do so."
